SUMMARY

I am a Full Stack Developer skilled in React, Next.js, Node.js, and Express.js, with experience in MongoDB, MariaDB, and PostgreSQL. I am actively seeking a Full Stack Development Internship to apply my skills, gain practical experience, and grow as a developer.

SKILLS

- Frontend: HTML, CSS, JavaScript, React.js, Next.js, Svelte
 - Backend: Node.js, Express.js
 - Database: MongoDB, MariaDB, Mongoose, Postgresql
 - Tools & Others: Git, GitHub, Tailwind CSS
-

WORK EXPERIENCE

Worked on client websites, frontend design, and collaborated on full-stack solutions.

PROJECTS

- **AppNiche Technologies:** Startup website for services like web/app development.
(Website: <https://appniche.netlify.app/>)
 - **Expense Tracker:** Track income and expenses with real-time balance
(Website: <https://expense-tracker-software.vercel.app/>)
 - **Student Attendify:** Student attendance tracker with reports and graphs.
(Website: <https://student-attendify.vercel.app/>)
-
